

News and Events

Twentieth Anniversary Celebration, Seminars and Golf Tournament are feature Fall, 2005 events

- Eighth Annual Golf Tournament sold out

Once again, the B&CRAO Annual Golf Tournament drew its accustomed sell-out. The shot-gun event had 148 golfers. It took place at the Carrying Place Golf and Country Club on September 21 on a beautiful summer-like day.

The event was followed by a sit-down meal and a prize exchange.

A threesome — Troy DaSilva, David Porciello and Tim Lew — won the Ken Smith Memorial Trophy. Their winning score of 58 matched the lowest ever achieved. The record was set last year by the foursome of Lorenzo Cicconi, Peter Kubas, Joe Leal and Hank Staresina.

The prize for Longest Drive was won by Dale Wannamaker. Philip Sarvinis won the Closest-to-the-Pin contest.

Next year's Tournament is scheduled for Wednesday, September 20, 2006, and will once again be held at the Carrying Place Golf and Country Club.

- Coping with the Lien Act was the topic of the Autumn's First Seminar

The problems faced by contractors and sub-contractors coping with the Lien act was the topic of the season's first seminar. Held at the Wyndham Bristol Place on October 27, 2005, it featured three speakers: Demetre Canavas, President, Decora Restoration, Anna Esposito, Partner, Pallet Valo, LLP and Murray Gamble, President, The C3 Group.

The presentations were chaired by Garry Muzin, President of Construction Distribution and Supply Company, and were followed by a question-and-answer session.

- Twentieth Anniversary celebration at Annual General Meeting; Seminar highlighted by WSIB representatives discussing implications for the Industry

The Annual General Meeting held on November 24, 2005 was the occasion for the Twentieth Anniversary of the Association. The celebration had over 70 members and guests attending. President Guy Savasta reviewed B&CRAO's history. Attendees received a commemorative pen embossed with the Association's logo.

Richard Morrison and Earl Glyn-Williams, respectively Director and Assistant Director of the Construction and Transportation Section of Ontario's Workplace Safety and Insurance Board made a presentation about the implications for the industry of the operations of the WSIB. The session was followed by their responses to questions from the floor.
