Seminar on the Building Code Act draws large crowd

Over 60 B&CRAO members attended a seminar on the Building Code Act (Bill 124) on November 24, 2004 at the Wyndham Bristol Place.

The seminar featured a presentation by Michael De Lint, Senior Policy Advisor, Building and Development Branch, Ministry of Municipal Affairs and Housing who reviewed the key elements of the Bill and then took questions.

The questioning was so intense that a meeting with De Lint and members of the B&CRAO Executive was scheduled for January so that the concerns of the members could receive greater attention.
